LA EXPERIA

"The Experience You Have Been Waiting For"

Forward Sliding Function

Using smart glide technology minimal space is required between the wall and the chair as it slides forward to recline

Triple roller Total sole reflexology massage triggers vital pressure points to the foot which helps to improve lymphatic functionality

Zero-Gravity Function

Achieve ultimate relaxation and improve your circulation using the intelligent Zero Gravity function.

42 Inbuilt multi-layer airbags throughout enable you to receive a massage that suit you from head to toe.

Easy to navigate remote control and LCD display

Uses a combination of massage techniques within automatic programmes:

- Back Yoga
- Stretch
- Relief
- Recovery
- Comfort
- Hot Rocks

Manual modes allow you to choose which technique you prefer.

132cm L shape track massage allows a smooth and consistent Full Body Massage

Feel Goods La Experia Massage chair is aptly named for its reliability and functionality. It will certainly deliver all that is promised. Ideally priced as a middle of the range massage chair the La Experia is one of the most conventional on the market.

The La Experia features a near-flat reclining L track massage mechanism that matches the natural shape of the spine in order to hit all areas of tension and realign the body from the neck down to the lumbar region. Kneading, tapping, and shiatsu massage techniques are just a few of the included features of this chair.

Start with our Smart Body Scan technology which uses sensors to detect body curves, shapes, sizes and pressure points for a customised massage. Then add soothing lumbar heat to help loosen muscles and ease muscle tension and pain. The La Experia has triple roller Total Sole Reflexology™ foot massage which triggers vital pressure points under the foot to help improve lymphatic functionality. Your feet will thank you!

Need back and spine relief? A key feature of the La Experia is True Inversion for spinal decompression and also includes a stretch program. Or you can utilise the zero-gravity feature which elevates the feet above the heart to help improve circulation. With programmes such as Back Yoga and Hot Rocks you can feel your pain fade away as you receive the massage that your body needs. Complete with Smart Glide technology the La Experia will compliment any home or space.

Colours Available: Black, Ivory/Brown and Dark Brown
